DETAILED ACTION

Specification

The disclosure is objected to because of the following informalities: the title should be "golf" instead of "gold" and page 3, lines 17, "item 104 should be 105.

Appropriate correction is required.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3 are rejected under 35 U.S.C. 102(b) as being anticipated by the prior art (fig 2) of applicant's specification. Applicant discloses a well-known golf club head identical to the claimed invention. Figure 2 is the prior art club head and figure 5 is the present invention. The features are identical. Although the prior art golf ball includes additional features the present invention is clearly encompassed by the prior art figure. The prior art figure shows a body with a hollow interior, an upper cap, and a support plate with recess^{as} on each side.
